

Karyotype of normalised coverage for reference HDRR with line 4-1

Karyotype of normalised coverage for reference HDRR with line 4-2

Karyotype of normalised coverage for reference HDRR with line 7-1

Karyotype of normalised coverage for reference HDRR with line 7-2

Karyotype of normalised coverage for reference HDRR with line 11-1

Karyotype of normalised coverage for reference HDRR with line 69-1

Karyotype of normalised coverage for reference HDRR with line 79-2

Karyotype of normalised coverage for reference HDRR with line 80-1

Karyotype of normalised coverage for reference HDRR with line 117-2

Karyotype of normalised coverage for reference HDRR with line 131-1

Karyotype of normalised coverage for reference HDRR with line 134-1

Karyotype of normalised coverage for reference HDRR with line 134-2

Karyotype of median normalised coverage for reference HDRR

Karyotype of normalised coverage for reference HNI with line 4-1

Karyotype of normalised coverage for reference HNI with line 4-2

Karyotype of normalised coverage for reference HNI with line 7-1

Karyotype of normalised coverage for reference HNI with line 7-2

Karyotype of normalised coverage for reference HNI with line 11-1

Karyotype of normalised coverage for reference HNI with line 69-1

Karyotype of normalised coverage for reference HNI with line 79-2

Karyotype of normalised coverage for reference HNI with line 80-1

Karyotype of normalised coverage for reference HNI with line 117-2

Karyotype of normalised coverage for reference HNI with line 131-1

Karyotype of normalised coverage for reference HNI with line 134-1

Karyotype of normalised coverage for reference HNI with line 134-2

Karyotype of median normalised coverage for reference HNI

Karyotype of normalised coverage for reference HSOK with line 4-1

Karyotype of normalised coverage for reference HSOK with line 4-2

Karyotype of normalised coverage for reference HSOK with line 7-1

Karyotype of normalised coverage for reference HSOK with line 7-2

Karyotype of normalised coverage for reference HSOK with line 11-1

Karyotype of normalised coverage for reference HSOK with line 69-1

Karyotype of normalised coverage for reference HSOK with line 79-2

Karyotype of normalised coverage for reference HSOK with line 80-1

Karyotype of normalised coverage for reference HSOK with line 117-2

Karyotype of normalised coverage for reference HSOK with line 131-1

Karyotype of normalised coverage for reference HSOK with line 134-1

Karyotype of normalised coverage for reference HSOK with line 134-2

Karyotype of median normalised coverage for reference HSOK
